## Academy Values, Ethos and Vision

We continually strive to ensure we provide an inclusive education for all children, regardless of race, disability, gender or religion. The heartbeat and ethos of Willow Green Academy is summarised in our mission statement:

Inspired to be great!

At Willow Green Academy we all work together to provide a happy, caring and stimulating environment where children learn through their own curiosity. We challenge children to develop their independence, communicate effectively and become responsible members of our community. Children aspire to achieve their maximum potential now and in the future.
