

## Academy Values, Ethos and Vision

We are a safe, warm and friendly community of people, working closely together to create excellence in learning; create excellence through opportunity and inspire excellence in each other.

Every person, who walks through the doors of Willow Green, is welcomed and treated with respect by all. We encourage dreams and aspirations by celebrating each persons own individual skills and strengths. We acknowledge our failures and learn from them – failure is not a weakness, it is a stepping stone to success and should not be ignored.

**“Every child has the best and safest educational experience”** – this is the basis of every decision we make about the academy as a whole and for each child.

We work as adults and children to:

- ✓ Learn by receiving excellent and consistent teaching.
- ✓ Be known, included, valued and heard.
- ✓ Behave impeccably and develop ‘habits of excellence’.
