

Phonics

These are our sounds of the week.

How many things can you find/ name beginning with our sounds?

Letter formation

Please practice the letter formation using the rhymes to support.

You can do this in the air, outdoors with chalk or a squeezable bottle full of water, on paper, in a glitter tray, in a tray of foam.

Maths

We are ordering objects by their size and using comparative language such as longer, shorter, tallest, shortest, medium sized. Find three or four objects at home and put them in order. How would you compare? Which is the tallest? Shortest?

Top Marks maths offer lots of online games. We have been playing Let's Compare in class. <https://www.topmarks.co.uk/early-years/lets-compare>
