Writing task

You are part of living history! One day, children in the future will learn about this as a topic in history lessons!

So ...

Over the next few weeks, your challenge is to create a time capsule of your time. You could even bury it in your garden for someone to discover! You could include:

- A poster telling everyone all about you.
- A diary of a typical day that shares how you feel.
- Interviews with members of your family, those with you and those who are missing you.
- Photographs of things you have been doing.
- Photographs from your daily walk showing what your home town is like now.
- Handprints of everyone who is in your house.

Templates and ideas will be posted on Class Dojo throughout the next few weeks, to give you ideas.

When you have collected all your work decorate or build a container to save everything in.

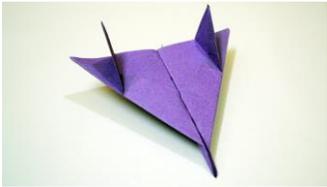

Don't forget to share your pieces of work or ideas on Class Dojo or Twitter @WillowGreenAcad
