

Phonics

These are our sounds of the week.

How many things can you find/ name beginning with our sounds?

Letter formation

Please practice the letter formation using the rhymes to support.

You can do this in the air, outdoors with chalk or a squeeze bottle full of water, on paper, in a glitter tray, in a tray of foam.

Maths

We have been ordering digits and finding one more or one less. Use beads, cereal or even conkers to count out amounts and find out one more or one less. Remember to send photographs on Class dojo, Twitter @WGA_Reception or Evidence me

Top Marks maths offer lots of online games. We have been playing Ladybird Spots in class. <https://www.topmarks.co.uk/early-years/lets-compare>
