

Wednesday 6th January 2021

Dear Parents/ Carers,

Following the Government's latest announcement, it is essential that we gather information on how you will access our remote learning offer. As a result, you will have recently received a brief electronic questionnaire.

Whilst we appreciate that this is information that you may have already provided us, following Christmas and ever-changing circumstances, it is crucial that we have current up-to-date-information for each household.

All information gathered from this questionnaire will be strictly confidential and by providing accurate responses, we can ensure that your child has the most successful remote learning experience possible.

To allow us to do this in a timely manner, please could **all** questionnaires be completed as soon as possible, but by Thursday 7th January at the latest.

As always, we thank you for your continued support.

Yours sincerely,

Mr Parkinson

Head of Academy
