Achieve, be Safe, Proud, Independent, Responsible and Experience the best.

#### Achieve

"The Early Years Foundation Stage (EYFS) sets the standards that all early years providers must meet to ensure that children learn and develop well and are kept healthy and safe. It promotes teaching and learning to ensure children's 'school readiness' and gives children the broad range of knowledge and skills that provide the right foundation for good future progress through school and life."

#### Proud

"It is important for parents and early years settings to have a **strong** and **respectful** partnership. This sets the scene for children to **thrive** in the early years. This includes listening regularly to parents and giving parents clear information about their children's progress. The help that parents give their children at home has a very **significant impact** on their learning."

Wow moments

### Independent

"Independence is an **essential life skill** and one that needs to be **nurtured** from an early age. The term is often understood to mean a range of skills, from helping children to be apart from their families to developing skills in dressing and encouraging them to think for themselves. In fact, all aspects of independence are important for children to learn to be **self-sufficient individuals**."

## Responsible

"When children are at earlier stages of development than expected, it is important to notice **What**they enjoy doing and also find out where their difficulties may lie. They need extra help so
that they become **Secure** in the earlier stages of development. It is **not helpful to wait** for
them to become 'ready'."

## Experience

"Every child deserves the best possible start in life and the support that enables them to fulfil their potential. Children develop quickly in the early years and a child's experiences between birth and age five have a major impact on their future life chances."
